

Baby Bottle Blessing: 5 Easy Steps

Step 1: Designate a Sunday, set up a table at your church or distribute the bottles to participating individuals. Make sure to document each person who takes a bottle.

Step 2: Remind your congregation weekly to fill their bottles!

Step 3: Collect the bottle on a designated Sunday. Use the documentation sheet to email reminders to return filled bottles to your collection point and to ensure that each bottle is returned.

Step 4: Return the bottles filled with change, bills and checks to Mountain Area Pregnancy Services at 1710 Old Haywood Road, Asheville, NC and we will empty and count them here. We will then report back your total.

Step 5: Share the grand total with your church and celebrate the impact your partnership will have on LIFE!

Thank you in advance for being a PARTNER for LIFE!
